

Murray Grey Newsbrief

President's Message

Dear Fellow Members

I hope calving is going well and not too many people getting drowned out there with all this extra rain that seems to be falling. It has been one of the wettest

winters I have experienced for a long time. The grass is starting to grow but there are pools of water everywhere making farming a bit difficult, but with all that moisture about it should make for a great spring and summer.

Youth Exchange

Dayna Grey will be arriving from Australia on 2nd December. She will travel the South Island first, then move up through the North Island finishing her trip in Auckland about 16th December.

Canterbury A & P Show

This year the Murray Grey cattle are the feature breed with indications so far of at least 7 breeders exhibiting. The Australian Murray Grey Board members are also hoping to get across the ditch to attend this show. It should be a great catch up of breeders.

Progress Magazine

The magazine is to be published in early May and is running a photo competition so get those cameras out. The prize winning photo will be used for the cover of the Progress magazine in May. Any enquiries about this please contact:
